

COVID-19 Safety Protocols for AGA Visitors

Welcome to AGA!

The safety and wellbeing of our staff and visitors is our #1 priority. We have implemented the below measures to help protect our facility and community. Your participation in events sponsored by AGA requires you to meet our health and safety measures. AGA has partnered with ReturnSafe to manage proof of vaccination and negative Covid-19 test verification.

ReturnSafe App

All visitors to AGA must be fully vaccinated or have tested negative for COVID-19 at least 72 hours prior to visiting AGA. Visitors are required to use the ReturnSafe app to upload their proof of vaccination or a negative Covid-19 test result, no exceptions. Any visitor who cannot meet or is unwilling to adhere to these requirements will, unfortunately, not be welcomed into AGA's space.

On the next page you will find instructions on how to download the ReturnSafe app. You will need to provide to whomever is checking you in proof that you have received clearance to enter our space prior to doing so.

Thank you in advance for your cooperation.

Questions or Concerns?

Please direct any questions regarding the ReturnSafe app to your meeting contact. Thank You.

AGA Visitor Sign-in

Download the ReturnSafe App

Download the Return Safe App from your Apple or Google play store 

- o Login: americangas
- o Complete Steps
- o All attendees, speakers and participating guests, must upload or show proof of complete vaccination or a 72 hour negative Covid-19 test.

You will see this screen when you download the App.

You will receive the below if you are cleared for entry after uploading your information. You **must** show this screen to whomever is checking you in.
