

**Financial Analyst
Edison Electric Institute
Washington, DC**

Edison Electric Institute (EEI) is one of the nation's premier trade associations, having served the electric power industry and its customers for over 80 years.

EEI has an outstanding opportunity for a Financial Analyst. The Analyst, working with outside vendors and EEI staff, will be EEI's primary steward of the industry financial data, which is used by member companies, the financial investment community, EEI leadership, and other stakeholders. The Analyst will research and write on financial topics. This will require significant data analysis, the ability to articulate concepts and trends, and issue expertise. The Analyst will also be the primary contact for EEI's Risk Management Committees. The job requires a bachelor's degree in Finance, Accounting, Economics, Business, Engineering or a closely related field. Candidates with or working towards a CFA, MBA or relevant master's degree are strongly encouraged to apply. The successful applicant will have at least three years of financial analysis experience. Strong Excel skills are essential. Energy experience is a plus.

EEI will provide an outstanding compensation package. Benefits include medical insurance, a 401(k) with a generous match, fitness center and more. EEI is conveniently located at the Archives-Navy Memorial-Penn Quarter Metro station.

To Apply: Please e-mail your cover letter, résumé, and salary requirement to hrweb@eei.org.
