

2022 Energy Legislative Summit

Hispanics In Energy

May 18-19 - Washington, D.C.

ENERGY ECONOMIC OPPORTUNITIES FOR HISPANIC AMERICANS

The purpose of the **2022 Energy Legislative Summit** is to have a strategic discussion that results in increasing business, job, and corporate Hispanic participation in America's \$3 trillion energy industry. Hispanics make-up 18% of Americans, over 62 million people, with a GDP of \$2.8 trillion and enjoy the highest labor force participation rate and fastest-growing business sector. This Summit includes discussions with top policymakers, government officials, corporate executives, and strategic partners on the best ways to increase Hispanic participation in these key areas.
